## A NIGHT BATTLE

Gives Russians a Bridge Across the Shakhe

## BUT LATER THEY RETIRED

Japanese' Determined Attack Upon Lone Tree Hill—Their Side of the Story Describes Advantages in Isolated Engagements on Left Wing.

Russian army headquarters, Hun mountain, March 1.—After an all night battle the Russian forces which seized the railroad bridge across the Shakhe river retired after having destroyed the Japanese fortifications at the further end of the bridge and after having thrown the forces there into consternation. The Japanese losses were heavy.

### CAPTURE OF A BRIDGE.

The Rumors of it Confirmed by Kuro-patkin.

St. Petersburg, March 1.—Two brief dispatches from General Kuropatkin dated Feb. 27 and Feb. 28, confirm the capture of the head of the Shakhe river bridge. The attacks of the Japanese on Gauto pass were repulsed on Feb. 27 and again on Feb. 28. The Russian advance guards still hold their positions at Kudza. Sharpshooters continue to harass the whole Japanese front and, it is confirmed, caused considerable alarm by the use of

hand grenades at San Diapu during the night of Feb. 27.

### THE ATTACK ON PUTILOFF.

Sachetun, Manchuria, March 1, 3 p. m.—The Japanese opened a tremendous fire of field and siege guns against Putiloff (Lone Tree) hill. Columns of white smoke envelop the hill on two sides. The bombardment on the right flank continues.

### JAPANESE GO FORWARD.

General Oku's headquarters, 2 p. m., March 1.—The Japanese left wing is driving back the Russian outposts. The Japanese have occupied a line from Shatzemen, two miles west of Hun river, in a northwest direction to Kalita on the east bank of the Liao river.

A heavy bombardment along the entire line west of the railroad is in progress. The Russians are firing blindly with field and heavy guns. The Japanese remain in their position and make no serious response to the Russian fire.

### USUAL RUSSIAN REPULSES.

General Oku's headquarters, via Fusan, March 1.—Last night five companies of Russian infantry attacked Lantun, aided by a terrible artillery fire. After desperate hand to hand fighting, which lasted for an hour and a half the Russians were repulsed. Small detachments of Russians also attacked at many other points, but in every case they were repulsed.

## ONE WAY OUT OF IT

A Rejection of the Claims of Both Peabody and Adams.

Denver, March 1.—After a long executive session of the gubernatorial contest committee this afternoon thirteen of the eighteen republican members signed a report in favor of James H. Peabody and the nine democrats signed a report in favor of continuing Governor Alva Adams in office. The other five republican members, including Chairman Wm. H. Griffith, refused to sign either report. Senator Alexander, one of the republicans who refused to sign the Peabody report, made a hard fight during the session for a rejection of the claims of both contester and contestee and the seating in the governor's chair of Lieutenant Governor Jesse F. McDonald. He found no support, however, for the plan, but he may bring it up before the joint assembly as a compromise measure. His argument was that there is no doubt of the election of Mr. McDonald while there is doubt as to whether Mr. Adams or Mr. Peabody was lawfully elected. Tomorrow the house and senate will meet in joint session and receive the reports of the committee. The republican caucus held tonight decided to allow each side to the contest eight hours for the argument. Each member of the joint assembly will be permitted to speak ten minutes and should they all take advantage of this rule, or assign their time, the final vote will probably be delayed until next Thursday.

## Medium Size Navajo

We have received from the best Indian trading post at Fort Defiance the best lot of medium size Navajo blankets ever shown in Phoenix.

Prices low; designs excellent; perfect quality. We have Swastika crosses made in all designs.

## The Curio IN THE OLD MISSION BUILDING

## ROOFING

The only proper and good roofing for this country is a metal roof. Don't use any tar or composition. It will last only about two years and will then have to be renewed.

A good tin roof will last as long as your house. Call on

## A FIFTH JUDGE

Senate Passes Arizona Associate Justice Bill

## THE STATEHOOD CRISIS

There Will Be a Conference Report on the Statehood Bill Today or the Conferees Will Be Discharged. Bailey's Resolution.

Washington, March 1.—Mr. Bailey today introduced a resolution discharging the senate conferees on the statehood bill and receding from the senate amendments. He said that he would call it up tomorrow if in the meantime the conferees did not report. Mr. Bailey's order has the effect of striking out the provision for the admission of New Mexico and the house provision for the admission of New Mexico and Arizona and leaves the remainder of the bill as it was passed by the senate. If adopted it will provide for the admission of one state, consisting of the Indian Territory and Oklahoma, adopting all of the senate amendments in regard to that portion of the bill.

During the day a bill was passed authorizing the appointment of an additional associate justice in Arizona.

During the day the senate considered and passed three supply bills, appropriating an appropriation of over \$3,577,000.00; and at night took up a fourth bill carrying over \$67,000,000. The session began at 11 a. m. and after a recess lasting from 6 to 8 o'clock continued well into the night.

The appropriation measures passed during the day session were the post-office bill, carrying \$181,526,543; the pension bill carrying \$138,000,000 and rivers and harbors bill carrying an immediate appropriation and continuing contracts of \$38,359,899. Many of the items in the bills were discussed at length, but the principal debate was based on the provision increasing the size of the postoffice bill. The senate also agreed to conference reports on the military academy and agricultural appropriation bills. In connection with the agricultural bill Mr. Bacon sharply criticized the subordinate officials in the agricultural department for opposing the provision for bi-monthly cotton crop reports.

During consideration of the conference report on the military academy bill, Mr. Bailey recommended the addition of the names of General Hawley and General Osterhaus to the retired list of the army. The Philippine import tariff bill was passed and also several bills of minor importance. At the night session the sundry civil appropriation bill was considered.

### THE HOUSE AND SWAYNE.

An Amendment to the Deficiency Bill Regarding Judges Expenses.

Washington, March 1.—The house tonight passed the general deficiency bill the last of the great supply mea-

asures to be acted upon during this congress. The total amount carried is \$31,224,079.

The temper of the house regarding the Swayne impeachment verdict was shown when amendments were attached to the bill restricting the \$10 a day limit for expenses of United States judges so that expenditures above \$5 a day shall be certified on proper vouchers, with the further proviso that in case a judge presents a false claim for expenses he shall be fined not less than \$100 and imprisoned for not less than ten days.

In the committee of the whole an appropriation of \$190,000 was voted for the mileage of senators and members attending the second session of the present congress, about the legality of which mileage some question was raised. The house sustained the committee's action.

The conference report on the military academy bill was adopted, and other appropriation bills passed by the senate were sent to conference.

### IT WILL END TODAY.

An Agreement on Statehood or a Discharge of Conferees.

Washington, March 1.—In conference today on the statehood bill only minor amendments were considered. No general proposition looking to a compromise that would permit of legislation at this session was brought up except as it related to Mr. Bailey's order submitted in the senate which provides for the acceptance by the senate of that portion of the bill which relates to the Indian Territory and Oklahoma as amended in the senate and the elimination of the provisions of both houses in relation to Arizona and New Mexico.

A meeting has been called for tomorrow when it is determined that either an agreement shall be reached or the conferees on the part of both houses will ask for their discharge.

## ICE ON THE RAMPAGE

Great Havoc Played With Craft on the Ohio.

Louisville, Ky., March 1.—Drifting with the ice the steamer the New South, one of the largest passenger and freight boats on the Ohio, was sighted today at Carrollton, Ky., a mile below Milton, Ky. Men finally succeeded in getting a line aboard and brought the boat up to the bank. The local harbor authorities on being advised from Cincinnati that sixty barges and fifty coal boats, all containing more or less coal, were coming with the ice, dispatched four towboats up the river.

### MOVED WITH THE GLACIER.

Cincinnati, March 1.—The steamer the New South was torn from her moorings in the lower harbor here by an ice slide on Sunday, Feb. 12, and has been held by the ice since. Nothing could be done to save the steamer and two watchmen have remained on duty since then with orders to protect the vessel in whatever manner possible. When the ice broke loose yesterday, the New South was carried down the river.

The ice above Cincinnati, which gorged again last night east of town, was today holding back a mass of ice which extended forty miles up the river. In re-gorging across Columbia harbor above Cincinnati the ice caused additional damage to the extent of \$240,000 by smashing and sinking barges, forcing big craft, high and dry ashore and playing havoc with pleasure boats.

### STATE OF SIEGE IN POLAND.

Warsaw, March 1.—The governor general of Poland today proclaimed a state of siege in the governments of Kalosz, Lublin, Kielec and Lomza. Similar conditions prevail in the remaining six provisional governments.

## FATAL AT LAST

Unknown Poisoner's Pursuit of Mrs. Stanford

## HER DEATH AT HONOLULU

Her Last Statement an Exclamation That She Had Been Poisoned—An Examination to Reveal the Exact Cause of Death in Progress.

Honolulu, March 1.—Mrs. Jane Lathrop Stanford of San Francisco, widow of U. S. Senator Leland Stanford, died at 11:40 o'clock last night, forty minutes after she was taken ill at the Moana hotel here, under suspicious circumstances, pointing in the opinion of the physician who attended her in her dying hour, and seemingly in that of others, to poisoning by the administration of strychnine in a vial of carbonate of soda.

Mrs. Stanford herself, when found by a guest of the hotel, who had heard her groaning in her agony and suffering from convulsions, declared, "I have been poisoned," and her last words were: "This is a horrible death to die."

Physicians said that between the convulsions Mrs. Stanford repeated the assertion that she had been poisoned and said it was the second time an attempt had been made, the first being in January at her San Francisco home, and that it was this which caused her to come to Honolulu.

An autopsy on the remains showed that the cause of her death was tetanus of the respiratory organs, but how this was brought about will not be known until after an examination of the contents of the stomach, the result of which examination will probably be known tomorrow.

### A SIGN OF STRYCHNINE.

San Francisco, March 1.—Dr. J. F. Dillon, professor of materia medica at the College of Physicians and Surgeons of this city, when informed of the result of the autopsy on Mrs. Stanford's body showing that her death was due to tetanus of the respiratory organs, said tonight: "When there is suspicion of poisoning in death caused by tetanus (or paralysis) of the respiratory organs, it may be regarded as almost certain that death was due to strychnine. The administration of strychnine in fatal doses is always followed by tetanus of the respiratory organs."

### CALIFORNIA IN MOURNING.

Story of the First Attempt on Mrs. Stanford's Life.

San Francisco, March 1.—News of the death of Mrs. Jane L. Stanford at Honolulu last night was received here today with surprise and sorrow to which was added horror when it was learned that probably she had been poisoned. Her brother, Chas. O. Lathrop, who is treasurer of Leland Stanford University, refused to believe that her death was due to other than natural causes, and her attorney, Mountford S. Wilson, positively declined to discuss the report that a previous attempt to poison her had been made in this city.

Mrs. Stanford is awaiting advices from Honolulu officials before taking any action regarding the business affairs of Mrs. Stanford, which are intimately connected with those of the great university which she and her husband founded at Palo Alto. This institution has already been endowed with \$28,000,000 in property and coin, to which may be added about \$10,000,000 from Mrs. Stanford's personal estate. She took a deep personal interest in the university and to her business sagacity is due much of its success, a fact which is testified to by its president and students, nearly all of whom knew and loved her. The university was closed today and it is not expected to reopen until after Mrs. Stanford's remains have been placed beside those of her husband and son in their mausoleum near the college campus. In respect to her memory the state legislature has already been endowed with \$28,000,000 in property and coin, to which may be added about \$10,000,000 from Mrs. Stanford's personal estate. The university was closed today and it is not expected to reopen until after Mrs. Stanford's remains have been placed beside those of her husband and son in their mausoleum near the college campus. In respect to her memory the state legislature has already been endowed with \$28,000,000 in property and coin, to which may be added about \$10,000,000 from Mrs. Stanford's personal estate. She took a deep personal interest in the university and to her business sagacity is due much of its success, a fact which is testified to by its president and students, nearly all of whom knew and loved her.
